tour with his new band the wildabouts, with one review calling his performance “sluggish.”

expired the day before, so this was the perfect excuse to abandon the “I’m not gonna eat crap this week”;

using erx has prevented several errors due to less ciphering that would have to be done during the filling process of a handwritten prescription

in response to workers’ resistance, the union militants disregarded their democratic ideology of workers' control and opted for coercive techniques to increase production
